## Manufactured and Fabricated Crane Components

## Crane Service

CME provides full crane repair and maintenance services. Our qualified personnel provide turnkey solutions and cost savings to our customers. CME's wide range of repair capabilities can reduce your downtime. We can manufacture parts and components should OEM parts be discontinued or obsolete. CME can provide full testing services, including test weights and load cells, to keep your equipment up to standards.

CME boom truck installing 5 ton bridge crane (see pictures below). CME manufactured the bridge crane and it is being installed in CME's **New** 90' x 100' fabrication shop expansion.
